## SHORTLIST OF SELECTED SUPPLIERS

### Publication Reference: S1\_06\_2025

In the framework of the “*Call for expressions of interest to form a shortlist of suppliers for the procurement of agricultural inputs in Syria and neighbouring countries*”, **Reference S1\_06\_2025**, published on 07/05/2025, the evaluation committee identified the applications which were submitted before the deadline, were compliant from an administrative point of view and with the selection criteria, were from natural or legal Persons with eligible nationalities and included declarations from the leader, were not in an exclusion situation or subject to restrictive measures.

Based on this, the shortlist of pre-selected suppliers for the procurement of agricultural inputs for international cooperation projects in Syria, in accordance with the Regulations of CIHEAM Bari, is published.

The shortlist resulting from this procedure will be valid for a period of 4 years from the date of publication. The shortlist will not oblige the contracting authority to sign supply contracts with all economic operators: it allows CIHEAM Bari to include, on a rotating basis, economic operators in its request for proposals processes when they are needed to support project activities. Only after a careful evaluation of the received offers, attributable to terms of reference specifically indicated in the requests, a specific supply contract will be signed.

The eligible suppliers, sorted alphabetically, are the following:

1. Agricultural Albaraka Center
2. Agricultural Alsahabiya Center
